

UNITING AMERICA'S HEALTHCARE COMMUNITY TO ADDRESS THE WORKFORCE CRISIS

While there are many voices advocating for addressing healthcare workforce shortages, there is not one collective voice urging action this Congress. The Healthcare Workforce Coalition intends to be that voice, bringing stakeholders together across disciplines and the healthcare continuum to advocate for common-sense solutions.

OUR PURPOSE

To bring together a diverse group of healthcare stakeholders and advocate collectively for a strong, robust, and resilient health care workforce.

OUR ISSUES

EDUCATION

Boost enrollment, increase the capacity of educational programs, and improve academic preparedness.

WORKPLACE & RETENTION

Preserve and retain America's current healthcare workforce to address the nation's healthcare staffing crisis.

INTERNATIONAL

Raise awareness of the critical support provided by international clinicians and nurses in the U.S. through targeted legislative and policy solutions.
